Assistant Principals

I am excited to introduce myself as the new school nurse at Randall Carter Elementary School. I have been working in the Wayne School District since 2007 as a substitute nurse and as a part time nurse at George Washington Middle School. I have worked in all 14 schools in the district in both long and short term roles as well as attending many field trips including the 8th grade Washington DC trip and the 5th grade trip at both Camp Warwick and Fairview Lakes.

I received my Bachelor of Science in Nursing from Rutgers University in 1990 and my School Nurse Certification from William Paterson University in 2011. Prior to school nursing, I worked as a staff nurse and nurse case manager at St. Joseph's Children's Hospital on the pediatric unit.

I enjoy taking care of the diverse health issues children present within the school setting and I enjoy my role as a health educator in both the classroom and health office. I look forward to working with the students, staff, and families at Randall Carter. I believe in open communication with parents and guardians to ensure students have all that they need to succeed in school. Please contact me with any concerns you may have for your children.

I look forward to meeting you in the coming weeks and I invite you to visit me in the health office.

Sincerely,

Kim Depetris RN, CSN
School Nurse
